Service description:

St Joseph's is a community based creche that offers a high-quality service for children aged between 5 months to 12 years. Our service caters for up to 100 families, ranging from full-time, part-time, sessional and afterschool.

We as a service welcome everybody regardless of their background, culture, religious beliefs etc. Our centre's aim / ethos is to provide and promote positive and affirmative relationships between the children, staff and their families in an environment that is homely, welcoming, and safe.

Our activities are centred around the 'whole child' to ensure their individual needs are met. We believe that by allowing the children the freedom to choose for themselves, this in turn enables them to grow, develop confidence, gain self-worth and self-belonging while attending our service. This is achieved by having good quality governance that instils best practice always, skilled mandated staff, age appropriate and stimulating curriculums.

Our service is play based and child- led, that allows the children to engage in many different types of play such as construction, imaginary, creative, social and physical play.

At St Joseph's, we revise and update our policies on a regular basis in accordance with all relevant legislations/regulations that oversee the early year services, the Children First Guidelines 2017 set out by the Tusla, the policies and procedures from the SVP, Siolta and Aistear.

The written risk assessment indicates the areas of potential harm, the likelihood of harm occurring, and lists the required policy, guidance, process and practice required to alleviate the risks. It also highlights additional controls that can be put in place to mitigate against the identified risks.
